

Environmental Policy

Statement of Policy

Nexus Total Print Solutions offer printing services to a wide variety of clients across both public and private sectors. Trading since 1999 we have built up a good relationship our customers and would like to show our commitment to the environment.

This Company believes that in every area of its activity it should ensure that it provide goods and services within an environmentally sound framework. In pursuing its aim, Nexus Total Print Solutions Ltd (the "Company") will ensure that our staff all act in accordance with this policy.

Through the use of an effective management system based upon ISO 14001: 2004, the Company will:

- Continually strive to improve our environmental performance, by identifying our main environmental impacts, and where practical setting objectives for the Company to either eliminate, reduce or manage their effects on the environment.
- Maintain a system to detect deviations from our policy and to respond with the appropriate corrective actions.
- Implement procedures to prevent pollution.
- Reduce the impact of our activities on the local and general environment.
- Reduce the environmental effects of material sourcing by evaluating the performance of our suppliers.
- Reduce waste and the consumption of resources (materials, fuel and energy).
- Ensure all waste generated is recycled, re-used or recovered, where possible, or disposed of responsibly.
- Ensure compliance with relevant Legislation and Regulations.

The Company is committed to maintaining its certification to the Forest Stewardship Council (FSC) and Programme for the Endorsement of Forest Certification (PEFC) Chain of Custody standards. The Company has a policy to wherever possible purchase paper products sourced from forests independently certified as well-managed.
